☐ Subdermal fat reduction

Have you had microneedling or RF treatments before? *

☐ Yes ☐ No

Tiền Sử Y Tế

Are you pregnant, trying to conceive, or breastfeeding? *

☐ Yes ☐ No

Do you have any of the following?

☐ Autoimmune condition (lupus, RA, MS, etc.)

☐ Bleeding disorder or on blood thinners

☐ Diabetes

☐ History of keloid or hypertrophic scarring

☐ Cancer (current or within the last 5 years)

☐ Immunosuppressed / immune disorder

☐ None of the above

Do you have a pacemaker, defibrillator, or any implanted electronic device? *

☐ Yes ☐ No

Do you have metal implants, plates, or screws in or near the treatment area? *

☐ Yes ☐ No

Have you taken isotretinoin (Accutane) in the last 6 months? *

☐ Yes ☐ No

Do you have active acne, infection, cold sores, or open wounds in the area? *

☐ Yes ☐ No

Have you had filler, neurotoxin, or threads in the area in the last 2 weeks? *

☐ Yes ☐ No

Do you have melasma or a history of post-inflammatory hyperpigmentation? *

☐ Yes ☐ No

Have you had significant sun exposure or tanning in the last 2 weeks? *

☐ Yes ☐ No

Current medications and supplements

Allergies (medications, latex, lidocaine, anesthetics)

Rủi Ro & Biến Chứng

Potential Risks and Complications:

- Redness, swelling, and warmth for 1-3 days; pinpoint bleeding and mild crusting are expected
- Grid marks from the needle pattern, fading within days
- Bruising, especially with thinners or fish oil
- Hyperpigmentation or hypopigmentation, more likely with tanned skin, melasma, or darker skin types
- Infection or reactivation of cold sores
- Burns, blistering, or fat loss if energy is too high (rare)
- Scarring (rare)
- Nerve irritation — temporary numbness or tingling (rare)

Most people need a series of 3 treatments 4-6 weeks apart, with collagen results developing over 3-6 months. Numbing cream is applied before treatment.

I understand the expected redness, swelling, grid marks, and pinpoint bleeding, and the less common risks of pigment change, infection, burns, and scarring.

I understand the expected downtime and risks: _____

I confirm I have no implanted electronic device or metal in the treatment area and have disclosed all medications, including isotretinoin and blood thinners.

I have disclosed implants and medications: _____

Phát Hành Hình Ảnh

May we take before-and-after photos for your treatment record? *

- ☐ Yes — for my medical record only
- ☐ Yes — and you may use them anonymously for marketing
- ☐ No

Đồng Ý & Ký Tên

I voluntarily consent to radiofrequency microneedling treatment. I have been informed of the benefits, risks, alternatives, and potential complications. I understand this is an elective cosmetic procedure, that results vary and develop over months, and that no guarantee of outcome has been made. I release the provider and practice from liability related to this treatment except in cases of negligence.

I confirm I have read and understood the above information and give my informed consent.
